

ENGR A151 - Introduction to Engineering - Fall 2012

Homework #4

- a) List the major differences between the teaching/learning process you experienced in high school and the teaching/learning process you will encounter in an university-level math/science/engineering study based on the in-class group discussion. Write a 1-2 page(s) reflection outlining strategies for adjusting to each item on the list.
- b) Pick two items from the left column of the list of “mistakes students make” on page 130 and write down a commitment how you will implement the required changes mentioned in the right column (1 page).

Submission Instructions

Homework #4, parts a) and b), needs to be submitted as one doc(x) or pdf file on blackboard. Name the file as follows, substituting your last and first name for "lastname" and "firstname":

lastname_firstname_ENGR151_HW4

If you have not submitted assignments through blackboard before, the following link provides instructions in using blackboard:
