

ENGR A151 - Introduction to Engineering - Fall 2012

Homework #6

Make a list of at least 20 items/activities you need to do. Think about items/activities which are related to your project. Place each item/activity into the priority matrix (see below and textbook page 185) . Analyze your matrix, i.e. how many items are in quadrant I, II, III and IV. Write a 1-2 page(s) reflection what you learned and how you can move items/activities into quadrant II.

I Urgent and Important - - - - -	II Not Urgent, Important - - - - -
III Urgent, Not Important - - - - -	IV Not Urgent, Not Important - - - - -

Submission Instructions

Homework #6 needs to be submitted as one doc(x) or pdf file on blackboard. Name the file as follows, substituting your last and first name for "lastname" and "firstname":

lastname_firstname_ENGR151_HW6

Tip: Just use this document and add your answer above (delete the submission instructions).
